GROW GREEN WITH THE GREEN BIN!

Food Waste Is Too Good To Waste

Weekly residential curbside collection of food waste and organics begins in November. This new program will keep food waste out of the garbage stream, helping to grow a greener Region. The yard waste collection program will still be used for leaves and yard waste.

Green Bin It!

Putting food waste and organics in the Green Bin instead of the garbage helps the environment, extends the life of the Essex-Windsor Regional Landfill, and promotes a circular economy. This valuable resource in turn creates energy and fertilizes crops. It's the next step towards creating a greener Region.

Bins Are Arriving Soon

Delivery of EWSWA Green Bins to single-family households in Amherstburg, Kingsville and Leamington begins in September. Let's all do our part to grow greener in 2026 - and beyond!

Download the Recycle Coach app for your Green Bin delivery date and collection schedule.

JOIN THE GREEN TEAM

Become a Green Superhero! Help make the Region greener by putting your food waste and organics in the Green Bin, not your garbage. It's a lot easier than you might think - it's just a different bin, and ultimately it's the right thing to do.

THE GREEN BINS ARE COMING!

The EWSWA is rolling out the new Green Bin collection program to keep food waste and organics out of the landfill. Over 30,000 homes will receive Green Bins, so please be patient – yours will be delivered before the November program launch.

🌿 Delivery schedules can be found through the Recycle Coach app, the EWSWA website (www.ewswa.org) and social media.

🌿 Your 120L EWSWA Green Bin has a gravity lock and comes with a Starter Kit (a kitchen catcher, sample compostable bag, and Green Bin information).

🌿 Collection starts in November, so please be sure to store your Green Bin safely until then.

NOTE:
Only EWSWA Green Bins will be collected.

Download Recycle Coach for your Green Bin delivery date and collection schedule.

 **Your collection day.** Check your municipal collection calendar for your weekly collection dates, and download Recycle Coach for updates and notifications.

 **Your set-out time.** Put your Green Bin out by **6 AM** so you don't miss the truck.

 **How to use your Green Bin.** Know the do's and don'ts of using your Bin. Refer to your Starter Kit for details.

 **What bags to use.** Only compostable bags can be used in this program. Refer to your Starter Kit for details.

 **Proper Bin set-out.** "Park-Point-Space". Due to automated collection, you must:

* **Park** the Bin about 30 cm (1 ft) behind the curb.

* **Point** the arrows on the Bin to the street.

* **Space** the Bin at least 1 metre apart from other carts or structures.

DON'T FREEZE THIS WINTER

Keep It Green with the Green Bin Program

Winter's cold weather can present unique challenges. Here are some useful cold weather tips to help you "stay green" all year.

Winter tips at
www.ewswa.org

1. Line the bottom of your Green Bin with a layer of cardboard, newspaper, or a paper egg carton to prevent contents from freezing to the Bin.
2. Drain liquids before you put food waste and other organics into your Bin.
3. Where possible, try to set out your Bin the morning of collection (by 6 AM) to avoid material freezing to the Bin.

Download the Recycle Coach app for
Green Bin program updates.

STAY GREEN THIS WINTER WITH THE GREEN TEAM

Be a Green Superhero all year-round! Help make the Region greener by using the Green Bin instead of your garbage for food waste and organics. It's a lot easier than you might think - even in the winter. It's just a different bin!

Kingsville Snow Removal

Snow Removal

Kingsville maintains over 270 km of municipal roads, 54 km of sidewalks, and 12 municipal parking lots. Plowing roads, sidewalks, and parking lots is not possible when there are vehicles or objects blocking the snow plows. To help facilitate snow removal or treatment of icy roads, By-Law 63-2022 allows the Town to declare on-street parking bans through the winter. Once declared, the ban is in effect for 72 hours. The Town will provide notice of bans on its website and/or social media platforms. Parking on the street during a ban carries a \$35 fine.

Residents and businesses must also remove portable items (including basketball nets, garbage cans, portable signs, etc.) from roadways and sidewalks to receive the best possible service and prevent potential damage.

Mailbox Damage

During snow removal operations, the Town of Kingsville will only replace mailboxes that are damaged by the snowplows. We will NOT replace or repair mailboxes that are damaged by thrown snow. The homeowner is SOLELY responsible for the installation and maintenance of the replacement mailbox.

When Will Snow be Cleared

The Town of Kingsville removes snow accumulations on roads of 8 cm or more 12-24 hours after the snowfall has ended, including snow drifting events. All available staff and equipment are dispatched immediately and remain out until roads are safe for public travel.

We follow an essential snow removal order based on provincial standards and best safety practices. We plow sidewalks and parking lots after snow accumulation reaches 8 cm or more, up to 48 hours after the snowfall ends.

Get to Know the Plan for Snow. Learn how your street is prioritized for snow removal at www.kingsville.ca/planforsnow.

Christmas Trees

Residents may drop off live Christmas trees at a designated municipal location (see page 4).

The Town also provides door-to-door Christmas Tree pickup, by appointment only, on January 11, 12, 13, 2027.

If you require a pickup, please call 519-733-2305 in advance to schedule.
